

## WEYMOUTH FOOD PANTRY

Weymouth Food Pantry runs a 'Weekend Back Pack Program' together with Weymouth Public Schools. The program was started to meet the needs of children who relied on food assistance programs at school to meet their nutritional needs, but experienced food insecurity on weekends. This year, because most of our children are fully remote, the need is greater than it is have been. We have adjusted the menu to include larger servings, and will be sending home enough food for a whole week. We are deeply appreciative of your help and support of this program. Thank you.
